

## **Preparing Sanitizing Solution**

**TIME:** 15 minutes

### **PURPOSE OF THE ACTIVITY:**

The participant will be able to demonstrate how to properly prepare a chlorine sanitizing solution.

### **MATERIALS NEEDED:**

- 1-2 gallon bucket filled with water
- Unscented chlorine bleach
- Chlorine test strips

### **CONDUCTING THE ACTIVITY:**

1. Have one volunteer prepare chlorine sanitizing solution.
2. Measure the concentration of the sanitizing solution.
3. Discuss the importance of properly preparing sanitizing solutions.
